Subject:- Scale of diets of patients admitted into the Bowring & Lady Curzon Hospitals, Bangalore.

Sir,

I have the honour to inform you that patients on Full and Mixed diets are not allowed extras except stumulants and eggs. But sometimes certain extras are found to be very necessary to assist nutrition and lactation. In such cases suitable extras must be prescribed. I therefore request the favour of your kindly obtaining sanction of the Hon'ble the Resident in Mysore to delete the words "except Full etc" in Note I and in Note 2 of Tables of diets for Indian patients and European and Anglo-Indian patients respectively. A copy of each of the Diet Scale is herewith attached for information and kind return.

No doubt every caution will be exercised in giving extras to patients on full and mixed diets. But to avoid Audit Objections on such occasions, the above sanctio is requested.

I have the honour to be

Sir,

Your most obedient servant
